Hey Amy,

It varies from program to program. In RCRA we put together a CID referral package but I think that is different in that we inspected the facility and found what appeared to be criminal activity.

In this instance, Rick (since he's been the point person) would submit all the info we have to CID and meet with them to answer any questions if needed. It should be as simple as that.

Thanks!

If we do decide to refer it to CID how does that work? Do you or Rick have to refer it or can I? Is there a form?

Hey Amy,

I agree, and I think that's what Rick thought too – there's nothing really for SDWA to do. I think CID is the way to go but I don't want to pull that trigger until Rick is back, just to make sure. He should be back next Thursday.

Thanks!

Jeanna, I looked through some of this info Ex. 6 Personal Privacy (PP) has obviously put in a great deal of time and passion into this data. The problem I have is I don't see what SDWA can do with it. Like I said on the call with Rick even if there was a SDWA component we cant issue a 1431 Order without knowing who the offending party is. Since Carol Amend thought it worthy of CID we might as well give them all this info and let them sort it out.
Any thoughts?

Amy,

Here's everything except the email from Carol to CID which I will forward separately.

Thanks,

Rick
